

## Year 3 Term 2 Homework

Dear Parents/Carers,

Below are nine optional learning tasks for your children to complete across the term. The activities are linked to some of the learning which will be happening this term. We welcome any completed tasks to be brought in on Mondays so we can celebrate and share with the other children in class. Every task completed will earn 2 Dojo points. If all tasks are completed, a bonus of 5 points will be awarded.

### Design Technology

Use household activities to create a volcano. Can you go a step further and show the lava?

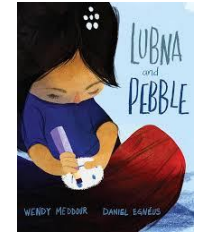

### Music

Write a song all about the importance of friendship. Can you push yourself to make your own instrument?

### Reading

Find, read and write 3 sentences on books about different cultures. Here are some examples.

### Maths

Design a board game that can test your adding and subtracting skills.

### Spanish

Draw a winter image and describe the colours using Spanish.

### Christmas

Research how Christmas is celebrated in different countries. Create a poster about it.

### Poetry

Create an acrostic poem all about Autumn or Winter.

### Bonfire night

Colour some paper and cut it into strips to make your own sparklers or firework art.

### Geography

Research the world's most famous volcanoes. Can you design an information leaflet about them?
